Chorus (3x):

I'm only a freshman,  
But I want a senior girl.  
You see my reaction  
When I seen your girl, today.  
I'm only a freshman,  
I'm only a freshman,  
I'm only a freshman.

Verse 1:

Check.  
I'm so fresh  
As high school freshman.  
Therefore the seniors think  
That I am less than them and they whole crew.  
Well, here's a lesson,  
You can go to it,  
And there is no admission.  
Have you ever spent high school in detention?  
Tired 1:03 I'm headin' to the work lab.  
Sorry pretty thing,  
You got me 'til my first class.  
Man, she drove my all the way to the golf course.  
Imma stop f\*\*\*\*\* with all ya'll sophomores,  
Imma stop f\*\*\*\*\* with all ya'll sophomores.  
They couldn't resist, I was immaculate.  
Swag of the city, and the brain of a graduate.  
Girls complain about the man  
They claim you have my wit.  
You lucky that n\*\*\*\* ain't  
big enough to grab you with.  
You need a first name,  
You need a day off.  
B\*\*\*\* glad n\*\*\*\*,  
It'll pay off.  
Tell'm get his checks up,  
And then lay off.  
Return to me if that advice don't work.  
Be straight up,  
Tell that n\*\*\*\* that it won't work.  
Tell'm that you need to get

Caught up on some homework.  
Mr. Big Shut up,  
Let the teacher do a lesson.  
I put my head down,  
Man this s\*\*\* is all depressin'  
I-I-I keep thinkin' bout Lisa.  
And even though she's with Tommy.  
I-I-I feel like I need ya.  
And yo girl makes me horny.  
Ha, I tell'm straight to his face,  
Straight to his face,  
"I'm takin' yo babe."  
You know I'm all ice,  
Like the skates and the blade.  
You know you part ice,  
'Cause you change ya phase.  
I propose a toast with a cup'o'glass.  
And I close my door with a touch of class.  
The fresh memba Drew Howard,  
So upper-class.  
Ha-ha, I should upper-class,  
Futuristic music, I say f\*\*\* the past.  
F\*\*\* time, man I'm all about Lisa.  
If she was a car,  
Damn right I leased ya.  
Promise not to leave you in the cold like Keisha.  
Cole on Easter, Eggs on Christmas.  
Sorry Lisa, game on next wish list.

Chorus (3x):
