#### Verse 1:

The sky is the limit imma dive right in it,  
And f\*\*\* the world 'cause all you do is die right in it.  
Can you feel me, yes, like I put aside my image?  
Rearrange all I had and now I fly by minutes.  
Yeah, and the main thing is friends,  
Last year you was sayin' the same thing as them.  
Man I told them imma be somebody,  
And now my momma said I'm extra like a threesome  
shawty.

#### Bridge:

Yeah, and I'm gonna keep hustlin'  
They told me I would never be nothin' (and I'm livin' my  
dream)  
And I'm reachin' for the stars and I gotta go get'm right  
now.

#### Chorus:

I-I-I-I'm doin' me right now (I'm I'm doin' me right now.)  
And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,  
Me against the world there's nothin'.

#### Bridge:

And I'm gonna keep hustlin'  
They told me I would never be nothin' (and I'm livin' my  
dream)  
And I'm reachin' for the stars and I gotta go get'm right  
now.

#### Chorus:

I-I-I-I'm doin' me right now (I'm I'm doin' me right now.)  
And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,  
Me against the world there's nothin'.

#### Verse 2:

Funny the things people do,  
To diminish, dump o' a n\*\*\*\* from start to the finish.  
But I'm brand new (so new)

Replenished the game as a whole,  
I do it for the love.  
No fame for a soul (my brains in the clouds,  
got rain on my new God sing me a song)  
Yeah, and all the built tougher version  
Is only because my life's been convertin' B\*\*\*\*\*

Bridge:

Yeah, and I'm gonna keep hustlin'  
They told me I would never be nothin' (and I'm livin' my  
dream)  
And I'm reachin' for the stars and I gotta go get'm right  
now.

Chorus:

I-I-I-I'm doin' me right now (I'm I'm doin' me right now.)  
And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,  
Me against the world there's nothin'.

Bridge:

And I'm gonna keep...  
They told meâ€!  
An-an-an-and I'm livin' myâ€!  
And I'm reachin' for the stars and I gotta goâ€!  
But look, I'm I'm doin' me right now.  
And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,  
Me against the world there's nothin'.

Am I? Am I the first to ever do it?  
Yup, I knew it.  
I don't need to prove it,  
Ow, I'm goin' up like a forklift.  
The Big Bang like a four-fifth.  
I eat grass, I'm the horses\*\*\*. (Is that Drew Howard?)  
Yup, I'm on top like the court is.  
Last year, man they say I couldn't make it,  
Now I'm standin' in the booth claimin' fame.

Bridge:

Yeah, and I'm gonna keep hustlin'  
They told me I would never be nothin' (and I'm livin' my  
dream)  
And I'm reachin' for the stars and I gotta go get it right  
now.

Chorus:

I-I-I-I'm doin' me right now (I'm I'm doin' me right now.)  
And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,

Me against the world there's nothin'.

Bridge:

And I'm gonna keep hustlin'

They told me I would never be nothin' (and I'm livin' my dream)

And I'm reachin' for the stars and I gotta go get it right now.

Chorus:

I-I-I-I'm doin' me right now (I'm I'm doin' me right now.)

And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,  
Me against the world there's nothin'.

And I'm gonna keep..

They told meâ€¦

An-an-an-and I'm livin' myâ€¦

And I'm reachin' for the stars and I gotta goâ€¦

But look, I'm I'm doin' me right now.

And I'm reachin' for the stars,  
reachin' for the stars, reachin' for the stars,  
Me against the world there's nothin'.
