Suffering once more  
Don't know how much longer  
Bleeding on this  
Making a big mess  
I can't hold my hands  
My thoughts begin to rush  
This pain inside me  
Shatters my existence

I can't comprehend  
How sometimes you  
Try to drag me down  
I don't feel the same  
Never will  
Realize i'm not  
What I want to be  
Holding myself close

I scream  
As your chains  
Shackle me  
Your burdens  
Thrown on me  
Like I don't  
Already have my  
Own weight I carry  
You burden me  
My struggle becomes  
Even harder to  
Suffer through  
I hope  
My end comes soon
