"Kill Me"

Waiting, waiting
Feel it all decaying
I'm hiding, I'm hiding
It's all collapsing
Drag me down
Like you do so perfectly
Close my eyes
So I don't have to see

The mutilation of my skin
Cutting deeper within
With it all upon my hands

I can't stand it sometimes
You wanna fuck with my life
You can not leave me alone
For fear that I might smile
Does it all seem worthwhile
I can't speak the pain
You encase in my head
I'm not afraid
It's bottled in hate
Surrounded by fists
Coming right for you

I can not believe the way
I never end up walking away
Sometimes I feel you in me
Other times i'm just too late
You've already taken control
You've already taken my soul
Just an empty hole
Made fresh by your hands
You wanna take it again
And leave me here
Take my sin
Digging deeper within
You're cutting too thin
Not bleeding me nearly enough
If you wanna kill me

The mutilation of my skin
Cutting deeper within
With it all upon my hands
Hold myself so tight
I can not believe I'm here
Clenching all my pain
I shudder to think
What makes you tick
It's fucking making me sick
The life you force me to live

Fuck you
Coming right for you
Fuck you
Coming right for you
Fuck you
Coming right for you
Fuck you
Coming right for you

Come on, Come on
Gonna bring you down
Come on, Come on
Gonna bring you down
Come on, Come on
Gonna bring you down
Come on, Come on
Gonna bring you down

I see you in me
