Insanity, that keeps me cold

Bodlerize my stomach

Nothing, that keeps you hold

Hire on you, gime this break

I like to kill, I like to kill

The agony, the agony, the agony

I was on fire, so on fire

After the war

The agony, the agony, the agony

One more headache

Damaged in my brain

One more headache

Damaged in my brain

The wrecked machinery

The wrecked machinery

I like to kill, I like to kill

"... der meine Seele durchdringt!!"

The agony, I like
