Believing in number one

Here we are in a world filled with ups and downs
Stirred emotions and sometimes faded dreams
We carry on 'cause that's all we have
Don't lose the visions you see

I'm so glad that it's here for everyone
Painted hearts of L O V E
It makes the world go round and round
Lifts you up right off the ground

So, hold on, hold on, hold on to love
Hold on that's all we have, hold on to love

Don't ever stop believing in number one
I know sometimes it's hard to do
Turn it around and go for it all
That's how you make dreams come true

No feeling sad and no feeling blue
Because we all have something to hold on to
And what it is, is second to none
Wrap it up and never let go

'Cause I'm not afraid
I'm holding on to happy days
Gonna let it show
You'll see there's no need to let it go

Hold on believing in number one
Hold on, that's all we have
Hold on, the world's filled with ups and downs

Hold on to love
Hold on, hold on
Hold on believing in number one, hold on
