I was a fool to say the things I said
I just lost my head and made you cry,
I didn't mean to be so cold
I had no right mistreating you that way
And oh, how could I know the price I'd pay
Sorry I ever caused you pain
Sorry I, sorry I sad those hurtful things
But baby all that really matters now is...

I wanna get back with you
(Please give me one more chance)
I wanna get back with you
(Please stop this hurt inside)
I gotta get back with you

I've been walking down these cold and lonely streets
I've been losing sleep
I had to prove that I was strong
And every night, every night just proves me wrong
And to think i held heaven right here in my hands
And oh, I just let it slip away like sand
Give me one chance to make it right
One more chance, one more chance back in your life
Cuz baby you're all that really matters now

Is I wanna get back with you
(Please give me one more chance)
I wanna get back with you
(Please stop this hurt inside)
I wanna get back with you

Baby I'd give my soul just to hold you one more time
Just to look in to your eyes
Cuz right now I'm high for life
No matter what I do there's no living without you

Can't you see that I wanna get back with you
(Please give me one more chance)
I wanna get back with you
(Please stop this hurt inside)
I gotta get back with you

(Please take me back once more
Please dont just close the door)

I wanna get back with you, oh babe
Hey I wanna get back with you baby
Please give me one more chance
Give me one more chance
Please stop this hurt inside
I wanna get back with you
Please take me back this time
