Soon baby, I will cry my last tears,
soon, yeah
I will be over you.

Soon darling, all these tears won't be here soon, yeah
You know that I will be over you soon.

One night baby, you won't be in my dreams.
One night yeah, I'll finally make it through.
One night darling I won't call out your name.
And won't be in this pain. I will be over you soon.

Soon as the mountains turn to rivers.
As soon as the sea turns into sand.
Soon as the sun comes up at midnight.
That's how soon.
All the hurt will end.
But 'til then I'll just pretend.
It will be over-over.
I keep telling myself I'll forget you someday soon.
Soon

Soon as the mountains turn into rivers.
Soon as the sea turns into sand.
Soon as the sun comes up at midnight.
That's how soon.
All the hurt will end.
But 'til then I'll just pretend
It will be over-over.
I keep telling myself I'll forget you someday soon
soon

I will be over you - soon
I will be over you soon - baby
I will be over you soon
I will be over you soon - soon
I will be over you soon
