I am locked here  
I'm in a game, my roll means fear  
Don't see the light near  
It's like I'm tied up in a frame  
Searching left for my aim  
Floating, I crawl in vain

Will I know my name when gloom fades away?  
Will I move (will I move) out of this place when I can see  
the day?

I crawl in vain  
I'm on my own, driven insane  
Something in my brain  
Reminds me that I'm alone  
It's like a tape trying to hide all my mistakes  
I try to break this fake but I am still alone

Will I know my name when gloom fades away?  
Will I move (will I move) out of this place when I can see  
the day?  
Search left for my aim  
Alone, driven insane

How can this be happening to me?  
I can't break free  
I'm feeling a nervous bleeding in my head  
Through the valley of the shadows of death

Will I know my name when gloom fades away?  
Will I move out (will I move out) of this place when I can  
see the day?  
Search left for my aim  
Alone, driven insane

Listen to the sound of my screaming  
And tell me if you're hearing  
Don't know if there's nothing left I can do  
I'm a lie 'til I push on through

My roll means fear
