"It's written all over your face, shut that lie,  
Right in front of me, stop to fake"

I save my life with all my strength  
And I see you go away  
Here I'm standing with all this pain  
See you fucking your life

You're falling down and fucking your liFe  
You're falling down and fucking liFe

"It's written all over your face, shut that lie"  
Fuck your life  
"Right in front of me, stop to fake"  
Fake your life

Shut up, no  
Never  
Fire  
You fall, fucker  
Fake

Now you're falling, so alone  
And I see you blow  
Feel your mind bleeding fast  
Your blood running slow

You're falling down and fucking your liFe  
You're falling down and fucking liFe

Fucking goodbye  
Going, falling, now

Die, blow, falling, slow

"It's written all over your face  
Shut that lie  
Right in front of me  
Stop to fake"

Fucking your life
