The end is coming fast in the Earth we used to know  
The end is now too near, they can't imagine the blow  
The end doesn't bring mercy, this end is not a war  
This is a pay for a debt, and it will be the same no more

No one will se saved  
No one will se saved  
No one will se saved  
No one will se saved

The hour, when it starts, only God lips will say  
It's no use to regret, it's no use to pray  
The Earth and the Sun, the day after will be cleared  
Without the strange ones, only the silence will steer

No one will se saved  
No one will se saved  
No one will se saved  
No one will se saved

No one will se saved  
No one will se saved  
No one will se saved  
No one will se saved
