"This nightmare"

Going around another day
I'm going away
I'm going away

I'm going away tonight
No one inside
You said to you
I don't wanna be with you
I know who's gonna cry
I'll be alone tonight
You said to you
I don't wanna trust in you

I'm going around,
I'm going around,

Stare or just fade away
Watching over you
It is so hard to find
A place where we can lie
You make me say
I just can't go away
You make me feel this lie
A lie that I tried to hide
You said to you
I can't go on with you

This nightmare ends tonight
These things inside
I know who's gonna cry
I'll be alone tonight
You said to you
I don't wanna be like you
You make me feel this lie
A lie that I tried to hide
You said to you
Be myself like you

This nightmare ends tonight!

I'm sick of my death mind
It's fuckin' me all the time
Things that you can say
Will make me go away
I've lost all my pride
I'm vanished tonight
(The lie will end tonight)
I know I'm gonna die
Die
Die

I want to fuck you all
