I can't go out cause I'm sick with myself
Leave it to me up to me to feel sorry
I can't wrap my head around you
Somewhere out there four walls surround you
I can't go now cause I don't know how

Ohhh Awww Ohhh Awww Ohhh
Ohhh Awww Ohhh Awww Ohhh

Olga and Dan had a love affair
Making a soundtrack for another planet to hear
Gold Disk moves like a meteor shower
35 thousand miles an hour,
Heaven is a strange place like outer space

You've got nothing got nothing to hide
I've got a lot of things that I hold down inside
Oh but looking with you at the constellations
Even with my coating of insulation I can't wait now
I don't even wanna know how

Nooo I could say no, I wanna say nooo
I could say nooo, I can't let go

Awww Ohhh Aw Ohhh
