(Jim Owen - Terry Gibbs)

I'm making ready for the nighttime  
And just waiting your knock on my door  
When the evening sun is gone  
Then the light of love comes on after dark, after dark.

Hmm, you know where to come to find sweet lovin'  
And I know how to fill your every need, hmm  
Yes I love you and I need you like no other has before  
I keep my eyes on the door after dark.

--- Instrumental ---

When I wake up in the morning  
I'm already looking forward to  
The time when  
Another day is through.

'Cause I know that the nighttime  
Oh Lord, it's me and you time  
And wait till after dark, after dark. (after dark)...
