(Orville Couch - E. McDuff)

She just sits there her eyes are on me
I shake with temptation just knowing what could be
I ought to go home I've been here too long
But I feel a sin coming on.

See that smoke ring that's her halo
How high she flies depends on the wine flow
I ought to go home I don't want to do wrong
But I feel a sin coming on.

I've got another world outside that door
A wife and the home and who needs more
I ought to go home but my wills not that strong
I feel a sin coming on.

I feel a sin coming on...
