(Billy Ed Wheeler)

I've got somebody and she pleases me
When I am troubled she eases me
A girl who's beauty goes beneath the skin
And the country kind of shows in her grin.

I'd walk a country mile for a country girl
A girl who can make a guy like me king of the world
A girl who's kindly turned who's heart is true
Just a girl, oh exactly like you.

I've got somebody I don't want to lose
So hand me down like pair of the walking shoes
I'm country bound good old open air
To see my country girl waitin' for me there.

I'd walk a country mile for a country girl
A natural open smile a cute little curl
A girl who can keep a heart from being blue
Just a girl exactly like you.

The sunlight's on her hair like growing corn
And in her eyes the dyeing grass of early morn
I see peach blossoms in her cheeks
And music in her walk as sweet as running creeks.

I'd walk a country mile for a country girl
A girl who can make a guy like me king of the world
A girl who's kindly turned who's heart is true
Just a girl sorta exactly like you.

Just a girl exactly like you...
