(Darrell Statler)

Somewhere in this world
there must be love
For me love, love
Someway, somehow,
I will find love
Searching right now
And I'll never give it up
Till I can put thing
I'm looking for
Oh, yes love, love

Where is love
It's where you find it
but that's
A hard place to find
I've searched hard
And I'll keep searching
Till I have love
To ease my mind.

Then my life will live
When I find love
So real love, love
Someway, somehow,
I will find love
Searching right now. and
I'll never give it up
Somewhere in this world
There must be love for me
Love, love, love, love...
