(Kevin Johnson)

She's leavin', she's leavin'
She's on the ship now and leavin'
Standing by the gateway tossin' streamers over my
way
I find it kinda hard believin'.

Deceivin'. deceivin', my subtle game of deceivin'
Standing here and waving
Blowin' kisses and behavin'
Like it doesn't matter much to see her leavin'.

I don't know what I don't know
Who I don't know, where she's goin' to
I only know she's goin' out of my life
Across the sea a wavin' hands
And Col'nel Billy's farewell band
I watch the disappearin' face of my wife.

And I'm doin' all I can to hide
The sad confusion in my mind
And brace myself with every trick I know
And though my lips are beating time
To the words of Auld Lang Syne
My voice keeps on defyin', cryin' Bonnie please don't
go.

Oh, that fool in me persuadin' me to hide
The broken pieces of my dignity
When a simple reassuring word
Just to reach out and comfort her
Was all I had to say to keep her here with me.

And I don't know what I don't know
Where I don't know, who she's goin' to
I only know she's goin' out of my life
Across the sea a wavin' hands
And Col'nel Billy's farewell band
I watch the disappearin' face of my wife.

She's leavin', she's leavin'
She's on the ship now and leavin'
Standing by the gateway tossin' streamers over my
way
I find it kinda hard believin'...
