(Woody Guthrie)

This land is your land, this land is mine land  
From California to the New York Islands  
Through the redwood forrest to the gulf stream waters  
I said this land belongs to you and me.

As I went roaming that ribbon of highway  
I saw above me there in the skyway  
I saw below me a golden valley  
I said this land belongs to you and me.

This land is your land, this land is mine land  
From California to the New York Islands  
Through the redwood forrest to the gulf stream waters  
I said this land belongs to you and me.

I roamed and rambled, I followed my footsteps  
Crossed the golden sands of your diamond desert  
And all around me a voice kept saying  
It said, "This land belongs to you and me."

This land is your land, this land is mine land  
From California to the New York Islands  
Through the redwood forrest to the gulf stream waters  
I said this land belongs to you and me.

I said this land belongs to you and me...
