Girls, ten-top red lip, girls  
Showing off with a smile on their face  
Looking at me  
Looking at you  
Looking at everyone

Girls, ten-top red lips, girls  
Seeing straight with their bright eyes  
Blinking day and night  
Using it night and day

Girls, ten-top red lip...

(Chorus)  
A pretty face with colours clear and bright  
Showing us how it's done  
You look so good  
So good, so good, come on, come on  
Come on, come on!

Girls, ten-top red lip, girls  
Fashion machines  
With a new-wave thing  
Working at day  
Working at night  
Working their whole life

Girls, ten-top red lip, girls  
A fortune of looks with a lipstick in red  
Looking at me  
Looking at you  
Looking at everyone

Girls, ten-top red lip...

(Chorus)
