How should I lay down  
How should I lay down  
How should I lay down

Instruct me  
I am so young  
Instruct me  
I am so young

I haven't even begun  
I haven't even begun

In the fields  
How should I lay down  
In the ball  
How should I lay down  
Instruct me  
I am so young  
Instruct me  
I am so young  
I haven't even begun  
I haven't even begun  
I haven't even begun  
I haven't even begun

All I can see is your beautiful lies  
All I can see is your beautiful lies  
Take a deep breath with me  
Take a deep breath with me

Instruct me  
I am so young  
Instruct me  
I am so young  
I haven't even begun  
Begun  
Begun  
Begun
