So listen up,
I won't let you go
without hearing what I have to say.

It's hard to tell if your listening,
or is it time for a change?
I took the short road home today,
just to find out (just to find out) you're leaving.

You sold me out. (You sold me out.)
You sold me an apology today.
What happend to your reason?
What happend to being here?

Be the first to answer me.
Justify us with nore than what you see.

You slowly turned for me,
I listen but I'm still holding.
You slowly turned for me,
I listen but I'm still holding.

This may kill me but I'm still holding on.

Your soul can be,
Your soul can be.
Your soul can be
another entrance for me.

Your soul can be,
Your soul can be.
Your soul can be
another entrance for me.

Your soul can be,
Your soul can be.
Your soul can be
another entrance for me.

Your soul can be,
Your soul can be.

Your soul can be
another entrance for me.
