You woke up at dawn
Effaced by the sun
Ashamed for a sin
That never was done
Ashamed for the truth

I wanna show you my love
But you are far and away
I wanna show you my love
But you are far and away

You ran for your life
With winds in your hair
Ablazed of the night
Denied you were there
Ablazed of my touch

I won't say a word
I'm left with a seal
I tasted your heart
Your body of steel
I tasted your love

I wanna show you my love
But you are far and away
I wanna show you my love
But you are far and away

I wanna show you my love
I wanna show you my love
But you are far and away

Like a vision of an angel
You are sleeping next to me
You are dreaming of tomorrow
And the sunrise you will see

You are going to the ocean
Watch the morning when it rise
Where the surface of the water
Is the image of your eyes

I wanna show you my love
But you are far and away
I wanna show you my love
But you are far and away

I wanna show you my love
I wanna show you my love
But you are far and away
