I tried to find another way
But there's no other one
I keep coming back again
Back where I began
To the aching and the pain
The tears I lost in vain

I would have kept you out of harm
If you were in my arms
If I only could I promise I would
But you're not here with me
Will you ever be

Everything I'd ever do
Would only be for you
All I ever wanted to
Was to keep the faith in you

I would for ever care for you
And constantly be there
I'd sacrifice my life for you
To prove my love is true
But you're not here with me
Will you ever be

Everything I'd ever do
Would only be for you
All I ever wanted to
Was to keep the faith in you
x2

I reach out my hand
To say my aim is true
If you only knew
My love for you (is true)

Everything I'd ever do
Would only be for you
All I ever wanted to
Was to keep the faith in you
x2
