Shadows of lust starting to fall
I know you are a part of them all
Try to forget
Hide in your sleep
Don't let the night cut you too deep

The night is still young
You know that I'm waiting
My only wish
Will always be you

Show me love
Show me the way to you
Show me how
Nothing but love will do
Show me your love

Bury your fears
Close to your heart
Don't let the pain
Tear us apart
Day after day
There's no relief
Some call it love, some call it grief

The night is still young
You know that I'm waiting
My only wish
Will always be you

Show me love
Show me the way to you
Show me how
Nothing but love will do
Show me your love

Open your eyes
Why can't you see
I want you to know
I will love you forever and ever
Ever

Show me love
Show me the way to you
Show me how
Nothing but love will do
Show me love
Show me the way to you
Show me how
Nothing but love will do
Show me your love
