you say it's not a how
but rather it's a why
if you think you've got the answers
then get up and try
if my belief comes with an empty hand
don't call me a sinner
even though I am
don't waste your time
my mind is set
don't hit me up tomorrow
cause I won't forget
let's talk of the things
that we concur on
and move along to something else
I'm sitting in the corner
got my face against the wall
I can't be sold on what I'm told
I'm too scared to fall
don't disregard me if I don't buy your brand of bread
I can't help it if I don't find strength in what you've said
don't waste your time
my mind is set
don't hit me up tomorrow
cause I won't forget
let's talk of the things that we concur on
and move along to something else
hear the preach and praise the speech
well that's all nice and fine
understand me when I say
that I'm satisfied with mine
I know you want to help me
but I'll be fine on my own
now I'm going out to dinner
if I have to all alone
don't waste your time
my mind is set
don't hit me up tomorrow
cause I won't forget
let's talk of the things that we concur on
and move along to something else
