

## Surrogate "Freelance"

I live my life, in my own way  
I've made my name, with ladies like you  
I'm a fine red-blooded love machine  
Shootin straight and talkin' mean  
I leave em right on cue  
Hey, but one thing you must realize  
Even when you fantasize  
My love is just a dead-end street  
\*cause I'm freelance  
Ooh, I need no company  
I need a freehand  
And that's the way it's gonna be  
I'm freelance\*

You've seen my kind, but you know I'm blind  
To the rules of modern romance  
I'm a full-tilt rocker to the max  
Drivin' hard and livin' fast  
Your heart won't stand a chance  
So, so while you still can turn around  
Before I bring the curtain down  
Maybe you best find the door...
