Teardrops, falling from your eyes like raindrops,  
Pouring from the skies,  
Remember, you used to have the love I needed, back  
when we were  
young  
Lovin' always came so easy, heaven shared our love,  
Magic, the first time that I held you, you fit like a glove.  
You'd soothe me, with a shrug of your heart you could  
move me,  
It always seemed my love would find you, when you  
needed a friend  
I would be the man who would understand you,  
\*But I'm not that man anymore,  
And I'm not gonna throw my heart away,  
No, that's not me anymore,  
Baby I've changed. \*  
One look is all it took to tell me your love was made of  
lies,  
Madness to think that I believed your reasons, your  
alibis,  
The day girl, when I turned to look the other way girl,  
I realized the game you were playin' was breakin' my  
heart,  
I can see it plainly, time has changed me.  
(\* Repeat)
