I've been waitin', tired of waitin'  
For your song, your love song  
Time just drags by anticipatin'  
So much good love has come and gone  
\*\*and every minute  
We spend apart is just time on my hands  
It's breakin' my heart  
Won't you please, please\*\*

\*let it be now,  
I can't wait forever no  
Let it be now.  
I need you today.  
(girl)  
Girl will you ever know  
Let it be now\*

I been hungry, so damn hungry  
For your love, your sweet love  
Are you teasing, me for a reason  
Need to know, why so slow

(\*\* repeat)

Let it be now,  
I can't wait forever no  
Let it be now, I need you today

(\*\* repeat)  
(\* repeat)

My love won't wait... (repeat)
