You only want to dance with me,
?coz you?re alone again, (alone again)
But I heard you whisperin? things,
That I won?t forget,

Suddenly we?re kissing,
We were spinnin? around,
Feel that you,

But then I look in to your eyes,
I decide,
That everything is gonna all right,
All the time,
And when I look into your eyes,
I decide,
That everything is gonna be all right,
All the time,
I know it?s naughty in reality,
To you,
But I?m drewnblin? every moment when I wake up,
Thinkin? of you,

I?m thinkin? about you too,
So set me alive,
Feel that you,

But when I look in to your eyes,
I decide,
That everything is gonna be all right,
All the time,
?coz when I look in to your eyes,
I decide,
That everything is gonna be all right,
All the time,
And when I look in to your eyes,
I decide,
That everything is gonna be all right,
All the time,
All the time,
