How can I convince you what you see is real  
Who am I to blame you for doubting what you feel  
I was always reachin', you were just a girl I knew  
I took for granted the friend I have in you

I was living for a dream, loving for a moment  
Taking on the world, that was just my style  
Now I look into your eyes  
I can see forever, the search is over  
You were with me all the while

Can we last forever, will we fall apart  
At times it's so confusing, these questions of the heart  
You followed me through changes and patiently you'd  
wait  
Till I came to my senses through some miracle of fate

I was living for a dream, loving for a moment  
Taking on the world, that was just my style  
Now I look into your eyes  
I can see forever, the search is over  
You were with me all the while

Now the miles stretch out behind me  
Loves that I have lost  
Broken hearts lie victims of the game  
Then good luck it finally struck  
Like lightning from the blue  
Every highway leading me back to you

Now at last I hold you, now all is said and done  
The search has come full circle  
Our destinies are one  
So if you ever loved me  
Show me that you give a damn  
You'll know for certain  
The man I really am

I was living for a dream, loving for a moment  
Taking on the world, that was just my style  
Then I touched your hand, I could hear you whisper

The search is over, love was right before my eyes
