Country music made a man out of me  
I grew up listen to the radio  
Learned everything little thing I was ever gonna need  
to know  
I learned about lovin' before I ever got kissed  
All about fightin' before I ever made a fist  
Got a lesson in leavin' never packed a bag  
Smokin' and drinkin', without a sip or a drag

Knew 'bout cheatin' when I'd never even broke a heart  
I was king of the road, I never drove a car  
Got stuck in prison but I never did time  
Knew Jesus long before I saw the light, that's right  
I had a first class education that came absolutely free  
Country music made a man out of me

I'm no stranger to the rain  
I'm a ramblin' man driving my life away  
I'm so lonesome I could cry  
Lord help me make it through the night  
I was country when it wasn't cool  
Tougher than a boy named sue  
Mama tried (mama tried), can't you see  
Cause country music made a man out of me

Grandpa told me 'bout the good old days  
Ronnie told me about smoky mountain rain  
I believed when Johnny said he walked the line  
And dreamed about Deana and strawberry wine, that  
was fine  
My teachers taught me well and it ain't hard to see  
Country music made a man out of me

I'm no stranger to the rain  
I'm a ramblin' man driving my life away  
I'm so lonesome I could cry  
Lord help me make it through the night  
I was country when it wasn't cool  
Tougher than a boy named sue  
Mama tried (mama tried), can't you see  
Cause country music made a man out of me

I'm no stranger to the rain  
I'm a ramblin' man driving my life away  
I'm so lonesome I could cry  
Lord help me make it through the night  
I was country when it wasn't cool  
Tougher than a boy named sue  
Mama tried (mama tried), can't you see  
Cause country music made a man out of me

This country boy will survive  
40 hour week, workin' 9 to 5  
I'm still crazy but I act naturally  
Country music made a man out of me
