Im so tired of being here

surpressed by all my, childish fears

well if you have to leave, i wish that u would just leave

cause your prescence still lingers here, and it wont  
leave me alone

these wounds wont seem to heal, this pain is just to  
real

theres just to much that time cannot erase

when you cried I'd, wipe away all of your tears

when you'd scream I'd, fight away all of your fears

And I've held your hand through all of these years

and you still have,all of me.

You used to captivate me, while in your resinating mind

now Im blinding by the light you've left behind

Your face is haunts, my once ?wonderful dreams?

your face it ?fears?, and it wont leave me alone

these wounds wont seem to heal, this pain is just to  
real

theres just to much that time cannot erase

when you cried I'd, wipe away all of your tears

when you'd scream I'd, fight away all of your fears

And I've held your hand through all of these years

and you still have,all of me.

I've tried so hard to tell myself that your gone

but though your still with me, I've been alone all along.

when you cried I'd, wipe away all of your tears

when you'd scream I'd, fight away all of your fears

And I've held your hand through all of these years

and you still have,all of me.
