## [Intro]

Everyday i see a different point of you.

A feeding Frenzy that i'm slanging at you.

No-ones looking now we'll slip away,

Hiding in the midnight, not today.

Pulling out the plug on a pointless line,

Go back to my nine to five.

You'll take me away.

wish now done of the hands off, don't touch you can't save me, It's that easy
Like a puppet to a string, Lost your only reason
(wish now done of the hands off, don't touch you can't save me, It's that easy x2)
Send it to the grave, you head fro-om me.

No-ones looking now we'll slip away, Hiding in the midnight, not today. Pulling out the plug on a pointless line, Go back to my nine to five.

#### [chorus]

And you can wake me up, (wake me up) They will tear me down (tear us down) we will stand our ground, (stand our ground) Not give up x2

Not give up

### [interlude]

Everyday i see a different point of you. A feeding Frenzy that i'm slanging at you. No-ones looking now we'll slip away, Hiding in the midnight, not today. Pulling out the plug on a pointless line, Go back to my nine to five.

## [chorus]

And you can wake me up, (wake me up) They will tear me down (tear us down) we will stand our ground, (stand our ground) Not give up x2

And you can wake me up, and start this madness. We will tear away this happy ending. We will build a fairytale. x4

(on forth fades out untill the final fifth one is almost unheard.)
