I wanna know if you wanna get it on  
Baby let me take yo' panties off  
And if you feelin' mile high  
And you wanna take a ride  
Baby let me take yo' panties off

(Mac Dre)

Hip hop, the hibbit to the hibbit  
Add Mac Dre and a lil' wiggly wiggly  
Can you dig it? Or is it too explicit?  
When I knock at the door she don't ask, who is it?  
I'm bringin' Bridget, Rolanda and them  
Tryin' to get a workout like I'm in the gym  
Keep cumin' again, again and again  
I done spent too many years in the pen  
I'm livin' again doin' what I wanna  
When I'm feelin Keith Sweatish, and I wanna  
I'm in the sauna like a family boss  
Quit trippin' take them panties off

I wanna know if you wanna get it on  
Baby let me take yo' panties off  
And if you feelin' mile high  
And you wanna take a ride  
Baby let me take yo' panties off

(Vital)

It's a Friday night and I'm feelin' horny  
Hopped out the whip with two chicks on me  
All eyes on me, when I stepped on in  
I saw all eyes then when I stepped on in  
What's up girlfriend how bout you and friends  
Meet me at the VIP in about five minutes  
Freaky shit, yeah I'm with it  
I gets live when I got drugs in me  
Feel me, I'm like that 6-man touch  
Feel me, all females get touched  
Exhibit, I make women's thongs come off  
I get a hard on from seein' all skin no cloth

I wanna know if you wanna get it on

Baby let me take yo' panties off  
And if you feelin' mile high  
And you wanna take a ride  
Baby let me take yo' panties off

Mac Dre:

Aight we done broke the ice  
You drunk then smoked hella blunts tonight  
Cut the crap now, I aint with this square shit  
I told you way back I'm a playa biatch  
You want a man, but I'm not the one though  
I just wanna hit that ?????? mundo?  
Oh what you thought, this a dumb date?  
Pump fake, I ain't bitin' on that bum bait  
Quit the horseplay and the monkey business  
Let me call Rich, so we can pop some thizz's  
Lets go handle some grown folk business  
Ain't nothing wrong with getting it on for a minute  
Lets go home for a minute, do the woopy wop  
Let a cutthroat show ya, what he'll do to ya  
I'll say it real slow so you can hear  
Get buck naked lose the ear

I wanna know if you wanna get it on  
Baby let me take yo' panties off  
And if you feelin' mile high  
And you wanna take a ride  
Baby let me take yo' panties off
