You dress so formal like you don't even know  
Whatcha got underneath it  
Your straight-laced morals are just for show  
'Cause I know thatcha need it  
I got you in my sites  
You know I'm gonna give you my best shot tonight

'Cause I can see 20/20  
You just can't disguise  
Ooh, the fire in your eyes 20/20  
There's no way to hide  
From my sweet love tonight, hey oh

You're so educated that you think you're above  
My street wise emotion  
So old fashioned when it comes to love  
You talk of devotion  
I don't wanna change your life  
What I really want is your love for the night

'Cause I can see 20/20  
You just can't disguise  
Ooh, the fire in your eyes 20/20  
There's no way to hide  
From my sweet love tonight, ooh

Ooh, you know I can see you  
I'm seeing right through you  
Oh, you know that I want you  
I want you tonight

I can see 20/20  
You just can't disguise  
Ooh, the fire in your eyes 20/20  
There's no way to hide  
From my sweet love tonight

20/20  
You just can't disguise  
Ooh, the fire in your eyes 20/20  
There's no way to hide  
From my sweet love tonight, ooh

20/20  
Just can't disguise  
Ooh, the fire in your eyes 20/20  
There's no way to hide
