Two worlds collide
Rival nations
It's a primitive clash
Venting years of frustrations

Bravely we hope
Against all hope
There is so much at stake
Seems our freedom's up against the ropes

Does the crowd understand?
Is it east versus west
Or man against man?
Can any nation stand alone?

In the burning heart just about to burst
There's a quest for answers an unquenchable thirst
In the darkest night rising like a spire
In the burning heart the unmistakable fire, in the
burning heart

In the warriors code
There's no surrender
Though his body says, "Stop"
His spirit cries, "Never"

Deep in our soul
A quiet ember
Knows it's you against you
It's the paradox that drives us on

It's a battle of wills
In the heat of attack
It's the passion that kills
The victory is your's alone

In the burning heart just about to burst
There's a quest for answers an unquenchable thirst
In the darkest night rising like a spire
In the burning heart the unmistakable fire

In the burning heart just about to burst

There's a quest for answers an unquenchable thirst
In the darkest night rising like a spire
In the burning heart the unmistakable fire

In the burning heart just about to burst
There's a quest for answers an unquenchable thirst
In the darkest night rising like a spire
In the burning heart the unmistakable fire

In the burning heart
