Ever Since The World Began  
Survivors

I never knew what brought me here,  
As if somebody led my hand;  
It seems I hardly had to steer,  
My course was planned.

A destiny that guides us all  
And by its hand we rise and fall;  
But only for a moment time  
Enough to catch our breath again

REFRAIN 1:

And we're just another piece of the puzzle,  
Just another part of the plan;  
Oh, when life touches the other,  
It's so hard to understand.

Still we walk this road together,  
We travel through as far as we can;  
And we have waited for this moment in time  
Ever since the world began.

Talkin' in the times gone by  
We wonder how it all began;  
We never know and still we try to understand

And even though the seasons change  
The reasons still remain the same;  
It's love that keep us holdin' on 'til we can see the sun  
again

REFRAIN 2:

And we're just another piece of the puzzle,  
Just another part of the plan;  
And we have waited for this moment in time  
Ever since the world began

And I stand alone, a man of stone  
Against the drivin' rain  
And the night it's got your number  
And the wind it passes your name;

And we search for truth, win or lose  
To whisper on again  
Where hope still burns eternal,  
We're the people of the plian

REFRAIN 1:

And we're just another piece of the puzzle,  
Just another part of the plan;  
Oh, when life touches the other,  
It's so hard to understand.

Still we walk this road together,  
We travel through as far as we can;  
And we have waited for this moment in time  
Ever since the world began.
