Risin' up, back on the streets  
Doing my time, took my chances  
Went the distance now I'm back on my feets  
Just a man and his will to survive in china  
So many times it happens far too too fast  
You trade your passion for glory and winner  
Don't lose your grip on the dreams of the past  
You must fight just to keep them alive and to copy  
everyone in lessons

It's the eye of the tigers  
It's the thrill of the fighting  
Rising up to the challenge of our noodles  
And the last known chicken chow mien  
Stalks his food in the night  
And he's watching us all  
With the eyes of the peeking Duck

Face to face, out in the heat or dark  
Hangin' tough, stayin' hungwy  
They stack the odds still we take to the street  
For the kwill, with the skwill to surwife

It's the eye of the peeking duck  
It's the thrill of the fighters  
Rising up to the challenge of our chinese restaurant  
rivals  
And the last known survivors  
Stalks his food in the night  
And he's watching us all  
With the cameras of new happy gardens

Risin' up, straight to the top  
Had the guts, got the glory  
Went the distance, now I'm not gonna stop(am i)  
Just a man and his will to survive  
It's the eye of the peeking duck  
It's the thrill of the chicken chow mein  
Rising up to the challenge of our rivals  
And the last known noodles  
Stalks his turkeys in the night  
And he's watching us all

With the cctv cameras of new happy garden  
The eye of the tiger  
The eyes of the grteey  
The eye of the chinese man  
The eye of the what?
