"Lucky I Love You"

Hey baby stop clickin that pen  
I'm gonna take it away if you do it again  
Sometimes I think you just love gettin on my nerves  
I believe opposites attract  
Cuz I wouldn't have you if it wasn't for that  
You like the music  
I like the words  
Don't ya know how good ya got it  
Listen up and I'll tell ya all about it  
hey

Chorus:

You're lucky I love you like I do  
Everything for you I do cuz I want to  
I wouldn't feel this way  
If you were anyone else  
And ya know it's a good thing that I think  
You're the only one for me and that you hung the moon  
You're lucky I love you  
You're lucky I love you, yeah

You got your ways and you got your quirks  
But you got my heart and that's why it works  
And I wouldn't change the way you are  
Yet whenever we fuss and fight  
Before the end of the day we always make it right  
We never let it go that far  
Anything you want you know you got it  
But every now and then you need remindin

Chorus

Darlin you know that I need you  
It's a simple fact to say that you need me too

Chorus
