Beyond the new horizon  
Destiny lost and found  
You're gonna have it all somehow  
Waiting for your arrival  
Only a moment now  
In the blink of an eye it all comes down  
And nothing is easy  
And nothing is free  
You got to take one step at a time

Reach...out to reach your dream  
Never stop believing  
Nothing can hold you down  
Yeah, reach...out with all your heart  
Shout out through the dark  
And soon it will come around

Out of the ashes falling  
into the open sky  
Like the tide it's rising you and I  
And like an eagle soaring  
Flying so wild and free  
There are no chains around you and me  
Nothing is easy  
And nothing is free  
Follow the vision only you can see

Reach...out to reach your dream  
Never stop believing  
Nothing can hold you down  
Yeah, reach...out with all your heart  
Shout out through the dark  
And soon it will come around

There is no limit to the sky  
Don't let one minute pass you by  
With all that you've been giving  
Give it up while you're still living  
Yeah, yeah

Reach...out to reach your dream  
Never stop believing

Nothing can hold you down  
Reach...out with all your heart  
Shout out through the dark  
And soon it will come around

Oh, reach...out to reach your dream  
Never stop believing  
Nothing can hold you down  
Reach...out with all your heart  
Shout out through the dark  
And soon it will come around
