How can I convince you what you see is real
Who am I to blame you for doubting what you feel
I was always reachin', you were just a girl I knew
I took for granted the friend I have in you
*I was living for a dream,
Loving for a moment
Taking on the world,
That was just my style
Now I look into your eyes
I can see forever,
The search is over
You were with me all the while*
Can we last forever, will we fall apart
At times it's so confusing, these questions of the heart
You followed me through changes, and patiently you'd wait
Till I came to my senses, through some miracle of fate
(* Repeat)
Now the miles stretch out behind me loves that I have lost

Broken hearts lie victims of the game
Then good luck it finally stuck like lightning from the blue
Every highway leading me back to you
Now at last I hold you, now all is said and done
The search has come full circle, our destinies are one
So if you ever loved me show me that you give a damn
You'll know for certain the man I really am
I was living for a dream,
Loving for a moment
Taking on the world,
That was just my style
Then I touched your hand,
I could hear you whisper,
The search is over,
Love was right before my eyes.
