I talk to no one

Oh, you're invisible

And with this venomous tongue, yeah

None of it's true

And I can taste it

You see it's in the heavens

And merciful forever

And now I understand

Could I make me get over you

And you get over me?

Oh, could I make me get over you

And you get over me?

Aha, aha, aha, more, I just see you

Aha, more anymore, I just see you

This is the first day

I walk the rolling hills again

Where I can make plans

With pictures too

Tender trouble

It's almost lovable

I feel the weight of the trees

Beat on my chest

Could I make me get over you

And you get over me?

Yeah, could I make me get over you

And you get over me?

Aha, aha, aha, more, I just see you

Oh, more anymore, oh, I just see you

Feel bad, say so

Feel good, let it go

Feel bad, say so

Feel good, let it go

Aha, aha, aha, more, I just see you

Aha, aha, aha, more, oh, I just see you
