Yeah, I mean I gotta be the hardest  
Middle name concrete and shit like that, ya know  
I mean thank you for the clapping, I know I'm hot  
But you about to witness more greatness, Dipset bitch  
Welcome To Hell Rell

#### Verse 1:

I got the metal pump, that's how I settle dram'  
Eyes Jet Li but I'm Afro-Ameri-can  
I got a foreign bitch, sitting in the foreign whip  
She don't speak English but she knows how to slob a  
dick  
Wrist crazy, neck retarded, yeah I'm flossin' hard  
Stepped my weight up, gave my old boss a job  
Yellow diamonds, looking like moron cars  
Lawyer got in the ring with them cases and fought 'em  
hard  
Yeah he kept it real in jail, he a livewire  
Hell Rell, that's the homie, official 5-rider  
I'm the talk in all the hoods and every barbershop  
They say that boy go hard, every bar is hot  
So smoke ya haze cocksucker, take ya last drag  
You about to die homo and you past fag  
Crumble up ya rhymes, shoot 'em in the trash bag  
AKs and bombs my niggaz, hood is Baghdad (Weeks  
Block)  
Now you see me in ya TV, stranger  
And ya favorite rappers got me in their CD changer  
I'm a general nigga, send ya goodest soldier  
Uzi on the tour bus, please don't pull us over  
I got weight, you need yay, I'm there  
And ya bitch mad I won't let her braid my hair  
I'm 'bout to cut that shit anyway, fuck dat bitch anyway  
Feds raided the spot, got another strip anyway

#### Hook:

I'm poppin', I'm poppin', he poppin'  
So I might as well pull out this hammer and pop it off  
In the club and you drunk and you frontin'  
If I gotta take the sneaker off then nigga, I'm poppin'  
off

I ain't no Tough Tony, I ain't no rough Ricky  
But if you fuck with me nigga, I'm poppin' off  
Hell Rell, I'm a certified G  
Better ask about me my nigga, I'm poppin' off

Verse 2:

In jail Bronx niggaz is known for poppin' off  
Them bricks got moved, yes I can cop a Porsche  
Rappers, I potty train 'em, I'll let the shotty blaze 'em  
They tryna put Rell under the jail, Saddam Hussein him  
Who the hardest, name 'em  
If they don't mention the dude then who the fuck these  
fans listening to, huh  
See a coward won't smack you, but a gangsta will  
I'm hot in the South like DJ Drama Gangsta Grillz  
See you paying car notes, I got gangsta bills  
When did you get tough, you poppin' gangsta pills
