If you ever want my lovin'
There's a few things you should do
Bring me coffee in the early morning
And roses in the afternoon
If you ever want my lovin'
You gotta show me every day
But if you're thinkin' that you won't
And even if you don't
You're gonna get it anyway

Well you're kickin' up your heels on the dance floor
With every pretty girl but me
You've been ignorin' me all night
And I'm likin' your strategy
Well I know you're tryin' to make me jealous
But I ain't gonna fuss or fret
'Cause baby I've got your number
You're justa playin' hard to get

If you ever want my lovin'
There's a few things you should do
Bring me coffee in the early morning
And roses in the afternoon
If you ever want my lovin'
You gotta show me every day
But if you're thinkin' that you won't
And even if you don't
You're gonna get it anyway

You won't admit to your buddies that you like me
It's cute the way you're actin' tough
But this little game you're playin'
Has gone about far enough

If you ever want my lovin'
There's a few things you should do
Bring me coffee in the early morning
And roses in the afternoon
If you ever want my lovin'

You gotta show me every day
But if you're thinkin' that you won't
And even if you don't
You're gonna get it anyway

Yes, if you're thinkin' that you won't
And even if you don't You're gonna get it anyway
