Step aside let me see whats going on
I'll get back when I'm done
Look away this isn't very pretty and you say we
shouldn't pity you
It happens almost everyday

Come right in
I promise I'll be gentle
If you won't run then I won't hide
Please don't shout
Everyones around us
We are conered and surrounded and it happens almost
every night

I don't love you anymore
After all you're such a horrible person to be near
You're the only thing I fear
Anymore

Close the door
No ones gonna notice
If your not there please don't be scared
Close your eyes
The fear is overwhelming it is calming and depressing
And it happens almost everytime

I don't love you anymore
After all you're such a horrible person to be near
You're the only thing I fear

And I don't love you anymore
After all you're such a horrible persong to be near
You're the only thing I fear
Anymore

Please don't hide yourself up in your little corner
I am here to help you if you're there to listen
Please don't hide yourself
I'm here to help you with your problems (GO)

I don't love you anymore
After all you're such a horrible person to be near
You're the only thing I fear

And I don't love you anymore
after all you're such a horrible person to be near
you're the only thing i fear 2x

And I don't love you anymore
After all you're such a horrible person to be near
You're the only thing I fear anymore
