

Dull Science, A "Perfect"

Visit "[Perfect](#)" on MotoLyrics.com

I wish I wish I could honest
Humble and modest a little less picky
And I wish I could stronger
Patient for longer so everyone would know that I am

I guess I want to change myself
For everyone else
Then people would like me and I could be happy
But nobody's perfect
Especially me

I wish I could be clever
Smarter then ever a little more subtle
And I wish I could be caring
Strapping and Daring so everyone would know that I
am

I guess I want to change myself
For everyone else
Then people would like me and I could be happy
But nobody's perfect
Especially me
Especially me

I wish I could be happy
Staying exactly the way that I am
And how I wish I could be carefree forget about every 1
2 3 4

And I don't want to change myself
For anyone else
Don't care if they like me so long as I'm happy
Cause nobody's perfect
But . . . Whatever
