Up and down like a see saw
Coast along with no real cause
Tranquilized by the scenery
Hypnotized so easily

I used to dream about everything in colour
Now it seems it's only black & white
I used to drive fast cars in the summer
Now everything I do
There's nothing good to sing about

I'm going out tonight
Crowd surfing until daylight

Cash crops are down again
I only wish I had a real friend
Grass is growing in the backyard
Thinking clear is getting so hard

I used to dream about everything in colour
Now it seems it's only black & white
I used to drive fast cars in the summer
Now everything I do
There's nothing good to sing about

I'm going out tonight
Crowd surfing until daylight

I'm going out tonight
Crowd surfing until daylight

Going nowhere
Really don't care
Take me for a ride

I used to dream about everything in colour
Now it seems it's only black & white
I used to drive fast cars in the summer
Now everything I do, everything I do
There's nothing good to sing about

I'm going out tonight
Crowd surfing until daylight

I'm going out tonight
Crowd surfing until daylight

I'm going out tonight
Crowd surfing until daylight
