Look into the lenses, look in really deep
Pictures getting clearer the secrets been revealed
The battles not the issue Della but the warrior deep
inside
Oh Della you're the poster child for centuries of denial

take a little bow Della curtain has been drawn
Don't make excuse oh you could not have known
The past is not on trial here you'd change it if you could
We're victims of a blackened sky 'neath a swelling
moon

Crazy water dance
Your partner is your soul
Watcha' gonna do when the water gets cold?
Cop a little wish from the wishing well
Cause water dance is the cure and the drug

Crazy water dance
Your partner is your soul
Watcha' gonna do when the water gets cold?
Cop a little wish from the wishing well
Cause water dance is the cure and the drug

Look into the lenses, look in really deep
Your coming up the rabbit hole
There's clicking at your heels

Crazy water dance
Your partner is your soul
Watcha' gonna do when the water gets cold?
Cop a little wish from the wishing well
Cause water dance is the cure and the drug

Crazy water dance
Your partner is your soul
Watcha' gonna do when the water gets cold?
Cop a little wish from the wishing well
Cause water dance is the cure and the drug

La, la, la your way in and out of indecision
Da, da, da your dancing but then you trip and stumble
Flip and fumble
Jumpin off a broken trampoline
Jumpin off a broken trampoline
Jumpin off a broken trampoline

Crazy water dance
Your partner is your soul
Watcha' gonna do when the water gets cold?
Cop a little wish from the wishing well
Cause water dance is the cure and the drug

Crazy water dance
Cop a little wish from the wishing well
Cause Crazy water dance is the cure and the drug
