Over and over I've come to this place  
Missing the mark I need Your embrace  
Thumbing through pages of healing and hope  
Tell me again these words that I know  
I long for Your Spirit to flow and rush through the  
depths of my soul.

Chorus:

Breathe on me the words of wisdom  
To the heart of a seeker calling Your name  
Breathe on me, You can melt away  
These clouds of confusion over my head  
Sweep this distance away, pull me close to Your face  
Surround me with Your gentle holy breeze, breathe on  
me.

You are the one constant love in this life  
Faithful and true tested by time  
Just like a child I'm secure in Your arms  
Far from my fears and near to Your heart  
You know where my faith has been, whisper assurance  
again.

Chorus:

Breathe on me the words of wisdom  
To the heart of a seeker calling Your name  
Breathe on me, You can melt away  
These clouds of confusion over my head  
Sweep this distance away, pull me close to Your face  
Surround me with Your gentle holy breeze, breathe on  
me.

Chorus:

Breathe on me the words of wisdom  
To the heart of a seeker calling Your name  
Breathe on me, You can melt away  
These clouds of confusion over my head  
Sweep this distance away, pull me close to Your face  
Surround me with Your gentle holy breeze, breathe on  
me.

Breathe on me...
